

Sinclair
Broadcasting' s
forced showing of
the anti-Kerry film,
free of charge,
pre-empting national
feed, is a blatant
corporate
contribution and
must be stopped.
Their obligation is
to serve the public,
not George Bush.
Show us that you
really are for the
public, and not just
big media, and
actually DO
SOMETHING ABOUT
THIS. If they can
claim that 35 year
old "information" is
somehow "news", than
everything is news.
Please act now.Thank
you.
